

N323. Symposium on Radioactive and Mixed Waste - Risk as a Basis for Waste Classification

The National Council on Radiation Protection and Measurements (NCRP), has announced plans to conduct a one day symposium on "Radioactive and Mixed Waste - Risk as a Basis for Waste Classification." The purpose of the symposium is to initiate a discussion of the issues that affect the use of risk as a basis for the classification of radioactive and mixed waste. The sessions will be open and members of the public will be encouraged to assist both in identifying issues of concern and in offering comments on their relative importance.

The symposium will be held at the Sheraton Desert Inn, 3145 Las Vegas Boulevard South, Las Vegas, Nevada (703) 733-4444, on Wednesday, November 9, 1994, beginning at 8:30 a.m..
