

Nuclear Utility Meteorological Data Users Group Meeting
John Hancock Conference Center
Boston, Massachusetts
April 28 - April 30, 1993

Agenda

Wednesday, April 28, 1993: American Meteorological Society Headquarters

06:00 PM Reception 2nd Floor Library

Thursday, April 29, 1993: John Hancock Conference Center

07:30 AM Registration & Continental Breakfast 2nd Floor Rotunda

08:30 AM Introduction Room 202
Stephen Schultz, Yankee Atomic Electric Co.
Doyle Pittman, Tennessee Valley Authority
R. Brad Harvey, Yankee Atomic Electric Co.

08:45 AM NUMUG Meteorological Monitoring System Survey Room 202
Stanley Marsh, Southern California Edison Co.
Carlo Rozzi, Southern California Edison Co.

09:30 AM Experience in Implementing a 10m Backup Meteorological Tower Room 202
R. Brad Harvey, Yankee Atomic Electric Co.
Theodore A. Messier, Yankee Atomic Electric Co.

10:15 AM Break 2nd Floor Rotunda

10:30 AM A Study of Accuracy and Precision of Wind Measurements Room 202
Thomas J. Lockhart, Meteorological Standards Institute

11:15 AM Relationship Between Maintenance and Calibration Activities Room 202
and Meteorological Data Processing at Nuclear Facilities
Stanley J. Krivo, Dames & Moore, Inc.

12:00 PM Luncheon Room 201

01:00 PM QA/QC of Meteorological Monitoring: A Case Study Room 202
Dr. Kollie M. Rao, New York Power Authority

01:45 PM Identification and Implications of a Local Temperature Anomaly Room 202
Kenneth G. Wastrack, Tennessee Valley Authority
Norris A. Nielsen, Tennessee Valley Authority

02:30 PM Commercial Developments in Meteorological Instrumentation - Room 202
Summary of the Scottsdale AMS/AWMA Panel Discussion
Gene Shelar, Pacific Gas & Electric Co.

02:45 PM Break 2nd Floor Rotunda

Nuclear Utility Meteorological Data Users Group Meeting
John Hancock Conference Center
Boston, Massachusetts
April 28 - April 30, 1993

Agenda (continued)

Thursday, April 29, 1993: John Hancock Conference Center

- 03:00 PM Status of the ANSI/ANS-2.5 Subcommittee *Room 202*
Irwin Spickler, US Department of Energy
- 03:30 PM ANSI/ANS-2.5 Discussion *Room 202*

Friday, April 30, 1993: John Hancock Conference Center

- 07:30 AM Continental Breakfast *2nd Floor Rotunda*
- 08:15 AM Brookhaven National Laboratory's Technical Assistance to the
NRC for "Radioactive Materials Released from Nuclear Power
Plants" *Room 202*
Dr. Herbert J. Bernstein, Brookhaven National Lab
- 08:45 AM Emergency Response - Son of EARS *Room 202*
Gene Shelar, Pacific Gas & Electric Co.
- 09:30 AM Experience with a Wind Profiler at a Coastal Site *Room 202*
Thomas A. Galletta, Niagara Mohawk Power Corp.
Richard E. Woolley, E.A. Science and Technology
Christopher D. Bedford, Galson Corp.
- 10:15 AM Break *2nd Floor Rotunda*
- 10:30 AM Impact of Hurricane Andrew on the Turkey Point Meteorological
Monitoring System *Room 202*
Daniel R. Adams, Florida Power & Light Co.
- 11:15 AM Weathering the Storm of Catastrophe Litigation in the Electric
Utility Industry: Some Thoughts on Meteorological Information
Management *Room 202*
Phillip D. Falconer, Falconer Weather Information Service
- 12:00 PM Luncheon/NUMUG Business Discussion *Room 201*
Stanley Marsh, Southern California Edison Co.
