

*Nuclear Utility Meteorological Data Users Group Meeting  
John Hancock Conference Center  
Boston, Massachusetts  
April 28 - April 30, 1993*

**Purpose**

To provide a forum to address problems and exchange ideas for those collecting and utilizing meteorological data at nuclear facilities. A variety of presentations covering such topics as meteorological instrumentation, data collection techniques, quality assurance, and emergency response will be delivered. In addition, a discussion concerning potential revisions to the meteorological monitoring standard ANSI/ANS-2.5-1984 will be held.

**Meeting Activities**

- Wednesday (April 28, 1993) @06:00 PM: Reception
- Thursday (April 29, 1993) @07:30 AM: Registration & Continental Breakfast  
Thursday (April 29, 1993) @08:30 AM: Introduction & Presentations  
Thursday (April 29, 1993) @12:00 PM: Luncheon  
Thursday (April 29, 1993) @01:00 PM: Presentations & ANSI/ANS-2.5 Discussion
- Friday (April 30, 1993) @07:30 AM: Continental Breakfast  
Friday (April 30, 1993) @08:15 AM: Presentations  
Friday (April 30, 1993) @12:00 PM: Luncheon & NUMUG Business Meeting

**Acknowledgements**

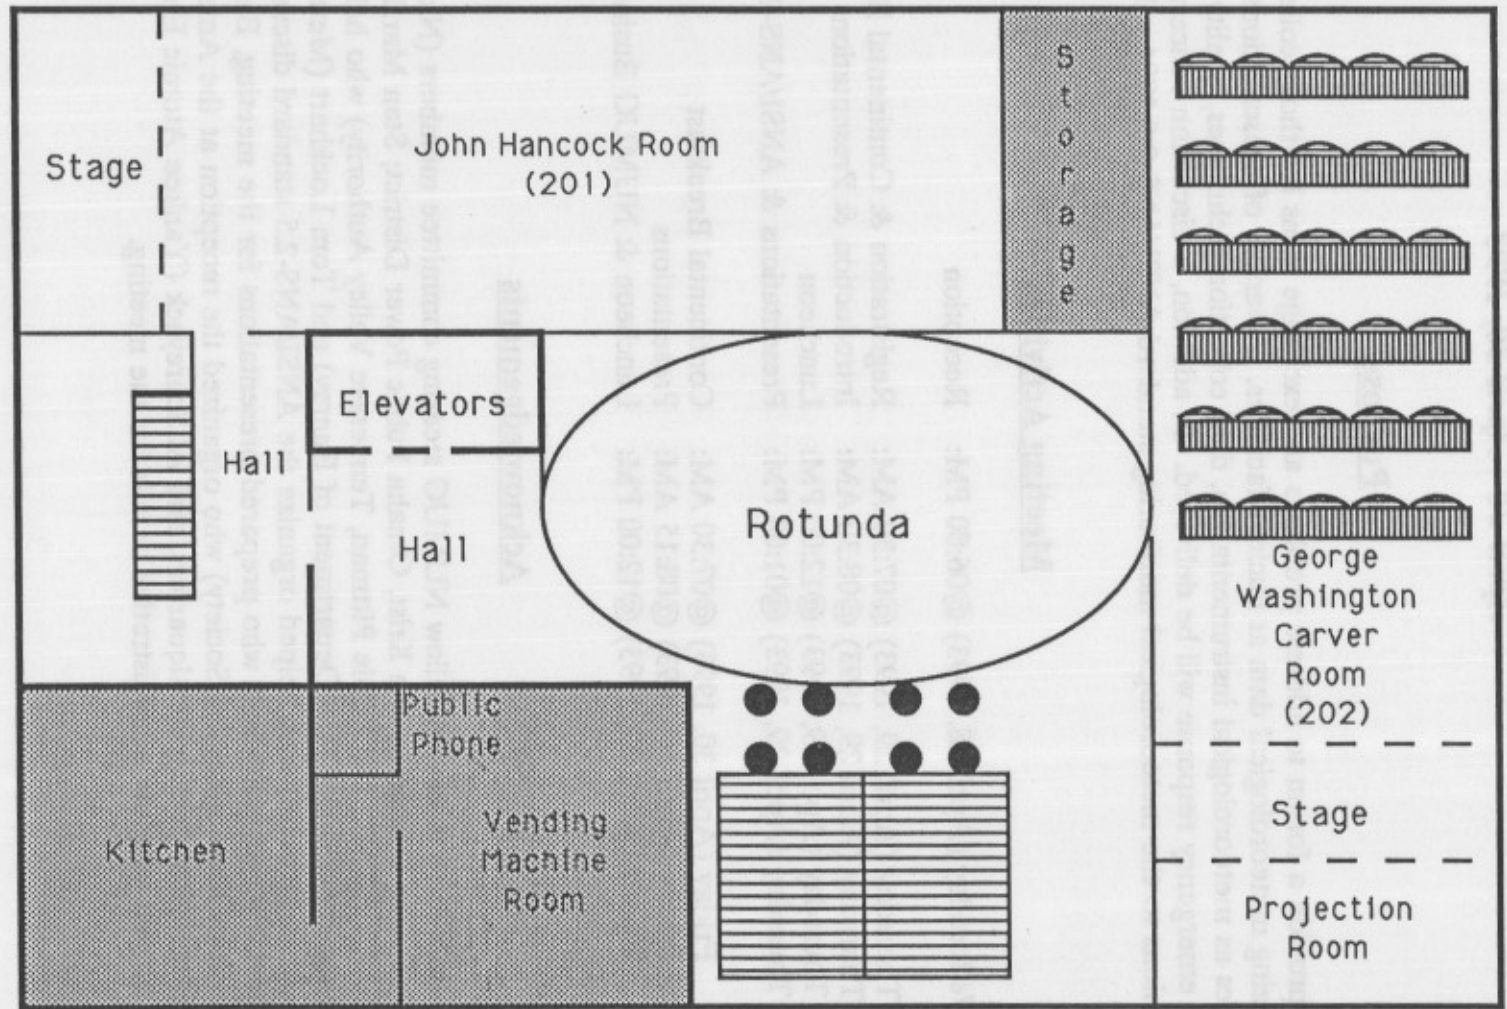

I would like to thank my fellow NUMUG steering committee members (Nick Keener, Duke Power Company; Jim Krist, Omaha Public Power District; Stan Marsh, Southern California Edison; and Doyle Pittman, Tennessee Valley Authority) who helped plan the meeting; Irv Spickler (US Department of Energy) and Tom Lockhart (Meteorological Standards Institute) who helped organize the ANSI/ANS-2.5 standard discussion, the numerous other individuals who prepared presentations for the meeting, Barry Mohan (American Meteorological Society) who organized the reception at the American Meteorological Society headquarters, and Al Schreyack (Yankee Atomic Electric Co.) who helped with the administrative details for the meeting.

Brad Harvey, Yankee Atomic Electric Co.
