1996

NUCLEAR UTILITY METEOROLOGICAL DATA USERS GROUP MEETING

Pacific Gas and Electric Company
245 Market St.
San Francisco, CA 96106

PURPOSE

To provide a forum to address problems and exchange ideas for those collecting and utilizing meteorological data at nuclear facilities. A variety of presentations covering such topics as meteorological instrumentation, data collection techniques, quality assurance, and emergency response will be delivered. In addition, a discussion concerning potential revisions to the meteorological monitoring standard ANSI/ANS 2.5 will be held.
