

Mark Carroll

Mark Carroll is the Executive Vice President and Director of the Environmental Applications Division for Murray and Trettel, Inc. where he has been employed since 1993. His responsibilities include overseeing meteorological monitoring and consulting services for over 20 nuclear facilities across the United States.

Mark received his Bachelor of Science degree in Meteorology from Northern Illinois University in 1984. Mark served on the adjunct faculty at two community colleges during the 1980's and 1990's.

Mark has been an active member of NUMUG since the mid 1990's, is currently a member of the NUMUG Steering Committee and previously served as the chairman of the Steering Committee.
