

Sunday, June 24, 2007 6:00 – 8:00 pm - Registration / Social
Juniper Room

Monday, June 25, 2007 Morning Sessions

07:00-08:00: Registration and Continental Breakfast
Grand Ballroom 1st Floor

08:00-10:00: Session 1 (Grand Ballroom) Session Chair: Doug Wahl

Welcome Workshop Details	Doug Wahl Exelon Nuclear – Limerick Generating Station
Welcome Opening Remarks	Chris Mudrick Vice President Exelon Nuclear – Limerick Generating Station
Regulatory Insights	Steve Garry, USNRC, NRR

09:30-10:00: Coffee Break

10:00- 11:30: Session 2 (Grand Ballroom) Session Chair: Greg Barley

Revision 2 to Regulatory Guide 4.15	George Powers – USNRC, NRR
MARLAP, MARSSIM and RETS-REMP: How is All of this Related... or NOT?	Bob Litman, Radiochemistry Laboratory Basics
NEI/NIST Measurements Assurance Program for the Nuclear Power Industry	Daniel B. Golas, Nuclear Energy Institute

11:30-13:00 Lunch (Juniper Room)

Monday, June 25, 2007 Afternoon Sessions

13:00-14:30: Session 3 (Grand Ballroom) Session Chair: Doug Wahl

Regulatory Observations	Ron Nimitz, USNRC Region I
NATC IAEA Environmental Scientist of the Year Award	David Miller - North American Technical Center
Twenty-Five-Year Study of Radionuclides in the Susquehanna River via Periphyton Biomonitoring	Ruth Patrick, Ph D – Academy of Natural Sciences John Palms, Ph.D – Board of Directors, Exelon Corporation

14:30-15:00: Coffee Break

15:00- 16:30: Session 4 (Grand Ballroom) Session Chair: Seth Mitten

The Processing and Discharge of the Spent Fuel Pool Water from the Decommissioning Yankee Rowe Plant	David Montt, Dade Moeller & Associates, Inc.
Refueling Water Tank Vent Releases	John Doroski, Dominion Nuclear Connecticut – Millstone Station
Reporting Effluents (more/less) per Reg. Guide 1.21 at IPEC	Steve Sandike, Entergy Nuclear Northeast – IPEC

Tuesday, June 26, 2007 Morning Sessions
07:00-08:00: Registration and Continental Breakfast Grand Ballroom 1st Floor
08:00-10:00: Session 5 (Grand Ballroom) Session Chair: John Doroski

Braidwood Tritium	Todd Tierney, Exelon Nuclear - Braidwood Station
Exelon Nuclear Fleet-Wide Assessment	Ziggy Karpa, Exelon Nuclear – Environmental Programs & Regulatory Policy
NEI Groundwater Initiative	George Oliver – NEI

09:30-10:00: Coffee Break
10:00- 11:30: Session 6 (Grand Ballroom) Session Chair: Rich Conatser

APPLICATION OF ANI GUIDELINE 07-01 “Potential for Unmonitored and Unplanned Off-Site Releases of Radioactive Material”	Bill Wendlend – American Nuclear Insurers
Guideline for Implementing a Groundwater Protection Program at Nuclear Power Plants	Eric Darois, RSCS, Inc
Managing Your Groundwater Program – Do's and Don'ts	Matthew Daly, Environmental Resources Management (ERM)

11:30-13:00 Lunch (Juniper Room)

Tuesday, June 26, 2007 Afternoon Sessions

13:00-14:30: Session 7 (Grand Ballroom) Session Chair: Ken Sejkora,

Jason Jang Award Presentation	Ken Sejkora, Chairman, RETS-REMP Steering Committee
Meet the Regulators Panel Discussion	
Meet the Regulators Panel Discussion	(continued)

14:30-15:00: Coffee Break

15:00- 16:30: Session 8 (Grand Ballroom) Session Chair: Steve Sandike

Derivation of Dose-Based Detection Limits for Drinking Water and Effluent Compliance	Ken Sejkora, Entergy Nuclear Northeast – Pilgrim Station
The Yankee Rowe ISFSI Experience and Resulting Dose Rates	David Montt, Dade Moeller & Associates, Inc.
Soil Vapor Extraction Technology as an Early Warning Tritium Groundwater Detection System	Eric Darois, RSCS, Inc.

Wednesday, June 27, 2007 Morning Sessions

07:00-08:00: Registration and Continental Breakfast
Grand Ballroom 1st Floor

08:00-10:00: Session 9 (Grand Ballroom) Session Chair: Bob Artz

Numerous Opportunities for Chemistry at Decommissioning Nuclear Plants (Bench Testing, New Processes to Support Demolition and Monitor Effluents, Optimizing Sample Flow in Support of FSS, etc.	David Montt, Dade Moeller & Associates, Inc.
A Proposed Analytical Technique For Tritium In Soil	Rich Conatser, Constellation Energy, Calvert Cliffs
Measurement of Tritium at Low Concentrations in Liquid Samples	Stan Morton, GEL Labs

09:30-10:00: Coffee Break

10:00- 11:30: Session 10 (Grand Ballroom) Session Chair: Doug Wahl

Relevance of Regulatory Guidance for Implementing 10 CFR 20.1406	Stewart Bland, CHP, Chesapeake Nuclear Services
Tracking the Source of I-131 in the Cape Fear River	Greg Barley, Progress Energy
Cook Nuclear Plant Experience with Storm Water Tritium Discharges	Jason T. Harris, Purdue University, North American Technical Center
Closing Remarks	Doug Wahl, Exelon Nuclear

11:45: RETS-REMP Workshop Adjourns
